What's the Good News?

Uphill Road Cinema

We always like to think that after the storm comes the sun. In reality, often what remains after the storm is just water damage! That was the case with our clients in Uphill Road, Northern Johannesburg: a media room under threat from an undetected waterproofing issue.

What's Hot

CSEID Blade.

Oh yes!

CSEID is famous for its outrageously cool tech, but we think their new Blade 283 TV is just about the best thing they've done. It has a lot - a lot - of amazing specs, but the one you'll really marvel at is its 4k screen - the largest widescreen in existence.

Mind The Gap...

"'Tis the Season to be taking a Break

Yes, we love what we do, but even we have to take a break and recharge our batteries! Like most of SA, we're taking time out in December;

What's Hot

Next Level

Home Automation!

So you've got your home cinema sorted: the sound is sweet, the picture is clear and all that control is conveniently at your fingertips. Doesn't the rest of your house deserve the same love and attention to luxury? Introducing Savant: it's home automation, beyond. Control security, lighting, blinds, climate and more from the convenience of your smartphone.
