

### The BNC Bliss Out Project: Mauritius

You have to hear about our new project. She's top class, she's a beach babe and she's all about easy paradise living.

We are seriously amped to be partnering with luxury property development scheme Arokaria on a joint venture, along the magnificent Isle of Mauritius.

### House Zim: An African Showpiece

Summon the Vic Falls! This baby is going to make a statement in Zimbabwe. She's the whole bang-shoot.

From slick and trick home automation to automated remote security to matchless entertainment and AV integration, the brief on House Zim left us nothing short of inspired, with the homeowner's request to provide a 'special touch' in multiple areas of the house.

### A new flick off the bucket list: Hello Zambia

Ah yeah, a new stamp in the passport is a special kind of satisfaction. Watch out, Zambia, BNC Technology is here and we've got screens. Big screens.

House Zambia will be our first project in the country, which gives it an extra exciting edge. Creating a home cinema in a small room came with challenges. But hey- we love a good challenge to keep things interesting.

### The Zanzibar Zinger

We're really getting our island vibes on lately. BNC Technology flew north to have some fun with a Zanzibar project, where we've been given free reign to explore our technical and design creativity with a bespoke home cinema...

### LONDON: You Beaut!

In case you missed the headlines: we're still feeling the gees from our recent trip to London in September, where we attended the 5th Annual CEDIA Awards and WON **Best Media Room**, in the Media Room Level 1 category. Did we celebrate? Yes. Did we Instagram the heck out of it? Yes. We're proud to also have been finalists in the categories of Best Home Cinema and Best Integrated Home. .
