What's the Good News?

C' SEED 262 THE WORLD'S LARGEST 4K WIDESCREEN TV

Stop the press. We're about to introduce you to the future, right here, right now. Presenting the unveiling of the C' SEED 262 Indoor Television: the world's largest 4K widescreen television - or as we like to call it - the game changer of luxury indoor entertainment. This stately piece of equipment is 262 inches long, with a 6144mm x 2574mm 4K LED TV display. Basically, it gives anything cinema a run for its showreel. You want one? Chat to us.

Mind the Gap... They're Called Switch Surges...and they're a Bi\$#%!

You heard us! Power surges are rife in our country with regular interruptions of electric flow taking place, sometimes without you even realising it. A Switch Surge lasts more than 10 milliseconds and less than one second - sounds like nothing, right? Wrong! The issue: total havoc on your audio and visual equipment.

Product/ Service Highlights... Make Mine a Gold, please.

We appreciate the good life, don't we? We also appreciate that every digital concierge experience should start in the lounge - and extend to the bar, the garage, the tool shed, the bedrooms, the cinema room, the patio, the rolling gardens and the summer daybeds.

When choosing the right home automation experience for your space, you need the right advice.

SERVICE LEVEL AGREEMENT - PACKAGES

Just Ask Nick Let's talk Speakers ... and Dopamine...

There is nothing more exhilarating than a power hour crossfit session - one that plays the soundtrack of your day (your life, even). There I was, suffering my way through pull-up reps (big night, the night before) when an epic tune blasted through the speaker system. Like our old friend Chuck, I was suddenly quicker, stronger, faster and probably raised a couple eyebrows while bopping my head in time to the sick beat. I felt like a master - of everything. Music can do that though. It lifts you, encourages you. It gets you.
